Community Planning and Health Workshop

(Mason City) — The Cerro Gordo County Department of Public Health has recently received funding to help bring in a specialist in healthy community planning and design to North Iowa. Local decision-makers, planners, zoning, and design professionals are invited to a health planning and design workshop facilitated by the American Planning Association's Iowa Chapter.

The workshop will focus on embedding health into planning, design and community decisions to support community and resident health. Participants will explore ways our environment can be built to support the health of our residents and our community.

- Housing impacts on health.
- Transportation impacts on health.
- Design, planning, and construction considerations for creating safe and healthy communities.
- And much more!

The event will be held on Thursday, May 11th from 1-4PM at the North Iowa Corridor Economic Development Center (North Iowa Regional Commerce Center), 9 North Federal Ave in Mason City.

To register for the workshop, please contact Kelli Gerdes at kgerdes@cghealth.com or call 641-421-9312.
