On March 20, 2020, Governor Reynolds signed a proclamation temporarily suspending some requirements within Iowa Code Ch. 21.8 for the duration of the declared public health emergency due to COVID-19. Board of Health meetings may now hold entirely electronic meetings that do not require a designated physical meeting location where the public may listen to the meeting. Instead, board of health meetings must provide advance notice through their agenda of the date and time of the meeting, and information for the public to be able to call in or access the meeting electronically. Additionally, boards who choose to continue to designate a physical location for the public to congregate and listen to an electronic meeting may also enforce restrictions set by federal or state officials on the number of people who may congregate to listen. The Board will adhere to the Governor's recommendation of no more than ten (10) attendees/participants gathered at the physical location designated for Board meetings.
